

The Crus Bourgeois du Médoc, vintage 2006

The tasting-event of Vinexpo Asia-Pacific 2010

This year, the Crus Bourgeois du Médoc will renew their presence at Vinexpo Asia-Pacific! You are invited to a grand tasting at the Espace Dégustation in room 101 A.

This tasting is exceptional on several counts:

- Exceptional because it offers professionals in the Asian-Pacific area the opportunity to discover some of Bordeaux's finest producers: the Crus Bourgeois. These châteaux, first created in the 15th century by the Bordeaux bourgeoisie, today represent 320 prestigious properties, 7,000 hectares of vines, and 38 million bottles per year—all with just one aim: to achieve the finest quality possible.
- Exceptional because this tasting presents a large range of properties (see below) representing the appellations of Médoc, Haut-Médoc, Listrac Médoc, Moulis-en-Médoc, Margaux and Saint-Estèphe. This is a superb opportunity to experience these wines' great diversity.
- Exceptional because 2010 symbolizes the renewal year for the Crus Bourgeois du Médoc. Very soon, the Alliance des Crus Bourgeois du Médoc will reveal the official list of the châteaux able to use the term "Cru Bourgeois" on the vintage 2008. Already some of these châteaux are available on the market.

Every châteaux owner and representative presenting their wines will be happy to meet you and offer you a satisfying moment of pleasure and conviviality.
